SUNOCO AND PENNSYLVANIA DEP
TEAM UP TO REDUCE AIR POLLUTION

THE HEAD OF PENNSYLVANIA'S DEPARTMENT OF ENVIRONMENTAL PROTECTION WILL BE IN PHILADELPHIA ON WEDNESDAY, JUNE 26, TO JOIN WITH SUN COMPANY (SUNOCO) IN ANNOUNCING A PROGRAM THAT WILL SIGNIFICANTLY REDUCE AIR POLLUTION CAUSED BY GASOLINE EVAPORATING FROM CAR GAS TANKS.

THE ANNOUNCEMENT WILL INCLUDE A VISUAL DEMONSTRATION OF THE AMOUNT OF GASOLINE VAPORS THAT CAN EASILY BE ELIMINATED EACH YEAR FROM THE MAJORITY OF PRE-1989 CARS ON THE ROAD.

WHEN: June 26, 1996 at 1:00 p.m.

WHERE: Veteran's Stadium Parking Lot, Broad St. and Pattison Ave.
(Enter at Pattison Ave. and go all the way to the back of the lot, under the sign tower. Rain location: under Section F overhang of Vet Stadium.)

WHO: Pennsylvania DEP Secretary James Seif
Philadelphia Mayor Ed Rendell (invited)
Sun Company Senior VP Greg Driscoll
Philadelphia Air Management Services Director Robert Ostrowski
Philadelphia Clean Air Council Director Joe Minot
Representatives from Ozone Action Alert

WHY: Pennsylvania needs to reduce the amount of ozone in the air to attain compliance with federal air quality standards. The evaporation of gasoline from car gas tanks contributes to the formation of ozone. This program can help Pennsylvania attain compliance with ozone standards.
